President's Proclamation Extending The Food Licensing System to Cover Articles Not Heretofore on the List

ALL WAREHOUSES NOW INCLUDED

*Purpose and Scope Are Explained
in Statement Issued by the Food
Administration—Given Further
Control Over Animal and Vegetable Fats.*

BY THE PRESIDENT OF THE UNITED STATES
OF AMERICA.

(A PROCLAMATION.)

Whereas, under and by virtue of an act of Congress entitled "An act to provide further for the national security and defense by encouraging the production, conserving the supply, and controlling the distribution of food products and feed," approved by the President on the 10th day of August, 1917, it is provided among other things as follows:

"That, by reason of the existence of a state of war, it is essential to the national security and defense, for the successful prosecution of the war, and for the support and maintenance of the Army and Navy, to assure an adequate supply and equitable distribution, and to facilitate the movement of foods, feeds, and fuel, including fuel oil and natural gas, and fertilizer and fertilizer ingredients, tools, utensils, implements, machinery, and equipment required for the actual production of foods, feeds, and fuel, hereafter in this act called necessities; to prevent, locally or generally, scarcity, monopolization, hoarding, injurious speculation, manipulations, and private controls, affecting such supply, distribution, and movement; and to establish and maintain governmental control of such necessities during the war. For such purposes the instrumentalities, means, methods, powers, authorities, duties, obligations, and prohibitions hereinafter set forth are created, established, conferred, and prescribed. The President is authorized to make such regulations and to issue such orders as are essential effectively to carry out the provisions of this act."

And whereas it is further provided in said act as follows:

"That, from time to time, whenever the President shall find it essential to license the importation, manufacture, storage, mining, or distribution of any necessities, in order to carry into effect any of the purposes of this act, and shall publicly so announce, no person shall, after a date fixed in the announcement, engage in or carry on any such business

TAKING OF SEDAN BY U. S. ARMY "GOOD NEWS," SAYS MR. BAKER

Recent Advance of Americans,
Says the Secretary of War,
"Fine Military Achievement."

Press interview by the Secretary of War, November 7, 1918:

"The news of the taking of Sedan is very good news; it is a great military achievement. At our last report the Americans were a distance, I believe, of 5 or 6 miles from Sedan, in the most difficult country along the western front, except the flooded territory in Flanders."

"The advance of Pershing's Army from the 28th day of September to the 1st of November, slow, difficult, in the face of tremendous opposition and against the strongest kinds of positions, and its subsequent very much more rapid advance, including the taking of Sedan, if that place actually has fallen, is as fine a military achievement in a limited area as has taken place in the war at any time."

ACKNOWLEDGES HELP GIVEN BY NATION'S BENCH AND BAR

The War Department authorizes the following statement by the Judge Advocate General:

Some time ago the office of the Judge Advocate General found it necessary to adopt a new method of selecting, from the country at large, the limited number of lawyers needed and especially qualified to become officers in the Judge Advocate General's Department of the Army for service during this war. As the basic principles of the method required, this office sought the views of and conferred with the judges, both State and Federal, and most distinguished disinterested members of the bar throughout the country, in order to determine those lawyers best qualified for service in this branch of the Army.

The investigations and conferences are about completed. The new method is established. The results seen in this office have shown its wisdom. Its success is demonstrated. All this is due entirely to the cooperation, interest, and help of the bench and bar. Both have rendered a distinct service to this department and this office takes pleasure in expressing to them its sincere gratitude.

AMERICA PROTESTS AGAINST GERMANY'S VANDALISM IN ORDERING DESTRUCTION OF COAL MINES IN BELGIUM

ACTS ARE DENOUNCED

*Violation of Solemn Promise
To Spare Private Property,
Secretary Lansing Says in
Note Sent Through Swiss
Minister—Can Not Fail to
Impress U. S. as "Wilfully
Cruel and Inhuman."*

The Secretary of State makes public the following:

DEPARTMENT OF STATE.

Washington, D. C., November 7, 1918.

Sir: I have the honor to request that you will bring the following to the attention of the German Government:

"In its note of October 20th the German Government announced that 'the German troops are under the strictest instructions to spare private property and to exercise care for the population to the best of their ability.'"

"Information has now reached the Government of the United States to the effect that the German authorities in Belgium have given notice to the coal mining companies that all men and animals should be brought out of the pits, that all raw materials in possession of the companies should be delivered to the Germans, and that the mines will be destroyed at once."

"Acts so wanton and malicious, involving as they do the destruction of a vital necessity to the civil population of Belgium and the consequent suffering and loss of human life which will follow, can not fail to impress the Government and people of the United States as wilfully cruel and inhuman. If these acts, in blatant violation of the declaration of October 20, are perpetrated, it will confirm the belief that the solemn assurances of the German Government are not given in good faith. In the circumstances, the Government of the United States, to which the declaration of October 20 was made, enters an emphatic protest against the measures contemplated by the German authorities for whose conduct the Government of Germany is wholly responsible."

Accept, sir, the renewed assurances of my highest consideration.

ROBERT LANSING.

MR. HANS STULZEN,
Minister of Switzerland, in charge
of German interests in the United States.

COTTON COMMITTEE TO REPORT AGAINST FIXING BASIC PRICE

Chairman Page Issues Statement
Declaring That a Necessity
for It Does Not Exist.

Dr. Thomas W. Page, chairman of the Cotton Committee appointed by the President, has issued a statement containing several of the points included in the report being prepared for the President. On the subject of price-fixing the statement reads:

"The Cotton Committee was directed to recommend basic prices on cotton if upon investigation a fixed price should be found necessary. The committee has ascertained that such a necessity does not exist, and its report which is now nearing completion will be submitted to the President within a few days.

"Shortage Does Not Exist."

"It has been the policy of the Government to fix the price of any commodity only where there was an actual prospective shortage, and in the case of cotton such a shortage does not exist.

"The committee further reports that there is no way of enforcing a fixed price except through the readiness of the Government to purchase the crop. Under a fixed-price system, the cotton exchanges would be closed and merchants, bankers, and other intermediaries would be put out of business.

No Inspection System.

"As there is not for cotton, as for wheat, an official system of inspection and certification, such a system would have to be created. This could be done only at great cost and in the course of many months. The committee is convinced that before the necessary organization could be effected and adequate financial arrangements completed, the necessity for them would have ceased, and that in the meanwhile immeasurable damage would have been done through the disruption of present marketing agencies and the checking of the movement of the cotton from the farm to the mill.

"The committee will also recommend the continuance of the committee on cotton distribution, with the view to bringing into proportionate use all grades of cotton."

THOMAS WALKER PAGE,
Chairman.

Development of Roads In Hampton, Va., District

The War Department authorizes the following:

For the development of roads at the Hampton Roads (Va.) district, the sum of \$1,710,000 has been authorized. The work is to be done by the construction division of the Army, and will consist of improvements on roads from the Road Naval Base No. 2 to Camp Morrison; from the navy yard to Portsmouth; Norfolk to naval base at Lewells Point, to Ocean View; and improvements on roads from Fort Monroe to Langley Field, to Hampton and to Newport News.

MR. HURLEY URGES PEACE-TIME NEED FOR IMPROVEMENT IN ALL FORMS OF HIGHWAY TRANSPORT

The highways transport committee of the Council of National Defense, which was formed to do a vital war-time task, has been called upon by Chairman Edward M. Hurley, of the United States Shipping Board, to perform a peace-time function no less important than that which fell to it during the war.

Chairman Hurley points to the greater need to-day than ever before for the stimulation of all forms of highways transport in carrying down to the merchant marine of to-day and to-morrow the foodstuffs necessary to feed the hungry millions of stricken Europe. His letter follows:

Mr. Hurley's Letter.

UNITED STATES SHIPPING BOARD,
Washington, November 7, 1918.
HIGHWAYS TRANSPORT COMMITTEE,
Council of National Defense,
Washington, D. C.

GENTLEMEN: Our merchant marine of to-day and to-morrow will carry a message of good will to the nations of the world.

Millions of cruelly starved folk face westward from every shore with mouths open to the promise of America. These must be fed, and then clothed, and also supplied with the other necessities of life. Our grand privilege is now here to restore life, strength, and hope to these martyred brothers of a hundred tongues.

Highways transport facilities at the farmer's gate, and at every farmer's gate, must immediately suggest the initial phase of overseas distribution; must make a picture in the farmer's mind of the movement of the products of his soil and labor from his own gate through to the distant points of the world—to Europe, to Algiers, to Athens, and the Orient.

The highways transport service is the first step in the great system of transportation to the sea and then on to the merchant marine to the far points of the world.

Food must begin to move soon from every hill, through every valley of the great country behind our shores, down to the shipping points before we can start our ships from the ports and fulfill our duty; and, with the promise of the war's end before us, the Highways Transport Committee throughout this land could and should render a peace-time service by stimulating highways transport of nourishment and supplies so badly needed. Routes and channels from shipping points must be opened up and efficiently maintained, and our merchant marine must be built up to meet the demands for distribution overseas.

Resistance in any form to the free movement of farm products must be reduced and eliminated, and the most efficient utilization of man power must be introduced wherever possible.

The United States Shipping Board urges that this message be carried through you and your regional chairmen to the State organizations and on down through your great body of patriotic

NEW SERIES OF WAR SAVINGS CERTIFICATES AND STAMPS

Secretary McAdoo has made the following statement:

The Secretary of the Treasury has determined upon the issuance of a new series of war-savings certificates and stamps to be placed on sale early in 1919, and to be known as the series of 1919. The new series will have a maturity date of January 1, 1924, and in practically all respects will be issued on the same terms and in the same manner as the present series of 1918.

A new \$5 war-saving stamp, blue in color, bearing the head of Benjamin Franklin, the apostle of saving, and a former postmaster general, is in preparation. The new stamps will be placed on sale early in 1919.

The same thrift stamps and thrift cards now in use will be continued in 1919, and will be exchangeable into new series of 1919 war-savings stamps payable January 1, 1924, in the same way as the exchange has been made during this year into the series of 1918 war-savings stamps.

men whose vision can well embrace the crying need of their brothers in other lands for help.

Very truly yours,

EDWARD M. HURLEY,
Chairman.

\$18,000,000 IS AUTHORIZED FOR EXTENSION OF ARMY CAMPS

War Department Announces Details for the Erection of Many Additional Buildings.

Authorization for additional construction for Army use of approximately \$18,000,000 has just been given to the construction division of the Army. The projects contemplated are the enlargement of several camps and additions to projects already under way.

\$7,500,000 for Camp Grant.

Of the total of \$18,000,000, approximately \$7,500,000 will be spent for the enlargement of Camp Grant, Ill. There is to be added to the strength of this cantonment 1 detention camp, 1 quarantine camp, 1 brigade headquarters, 3 battalion headquarters, 3 medical detachments, and 34 companies. There will be constructed in addition to barracks for the accommodation of the personnel of these organizations an increase in hospital facilities, which will cost \$844,700, which is included in the total figure for the expansion.

The strength at Camp Custer is to be increased to include a detention camp, 1 quarantine camp, 1 depot brigade headquarters, 8 battalion headquarters, 8 medical detachments, and 30 companies. Buildings will be provided for the accommodation of these men. The total cost of the new buildings and other facilities is estimated at \$4,815,000, of which \$325,000 will be spent for a hospital.

Extension of Camp Dodge.

The extension at Camp Dodge will consist of a detention camp, a quarantine camp, a depot brigade headquarters, two battalion headquarters, two medical detachments and six companies. The estimated cost of this expansion, including hospital building, is \$2,835,210.

Additional facilities are to be provided at the Delaware Ordnance Depot for the better handling of the work. This will consist of a new wharf, dock sheds, and railroad facilities. The estimated cost is \$1,203,185.

The additional construction at the Aerial Gunnery School, Miami, Fla., will cost about \$660,000. Eleven new steel hangars will be added to the school, four new barracks and mess halls, one officers' quarters, and work on the buildings and roads.

New Steel Hangars.

Three new steel hangars, five lecture halls, four telephone schools and buildings will be added to North Camp Jackson at a cost of \$230,110.

New facilities buildings, such as warehouses, machine shops, carpenter shops, garages, and two large barracks, and one officers' quarters will be erected at Camp Alvin E. East at an estimated cost of \$121,000.

Additions and modifications to Fort Douglas, Utah, will be made at an approximate cost of \$262,970.

At Camp Humphreys two new barracks and one officers' quarters, one warehouse, and several minor buildings will be erected at an approximate cost of \$63,000.

A Liberty theater will be erected at

EXECUTIVE ORDER BARS LIQUOR FROM STATEN ISLAND SHIP ZONE

EXECUTIVE ORDER.

Prohibiting the sale, manufacture, and distribution of intoxicating liquors within a certain zone adjacent to the Johnson Shipyards Corporation, Mariner Harbor, Staten Island, N. Y.

By virtue of authority vested in me by a joint resolution of Congress "authorizing the President to establish zones in which intoxicating liquors may not be sold, manufactured, or distributed," approved September 12, 1918, and by virtue of the fact that in my opinion the creation of a zone of the character described in said resolution adjacent to the plant of the Johnson Shipyards Corporation, Mariner Harbor, Staten Island, N. Y., is advisable in, and necessary to, the proper prosecution of the war, I do hereby order that from and after the 20th day of November, 1918, no person shall sell, manufacture, or distribute intoxicating liquors at any point within 100 feet of any part of the property owned, leased, or occupied by the Johnson Shipyards Corporation at Mariner Harbor, Staten Island, State of New York, the same being situated at the northwest corner of the streets known as Richmond Terrace and Union Avenue Extension, and, in particular, that such sale, manufacture, or distribution is prohibited at any location on the north side of said Richmond Terrace between said Union Avenue Extension and the Baltimore & Ohio Railroad Co.

May Appoint More Than Two Members of Family to Civil Service Positions

EXECUTIVE ORDER.

In view of conditions existing in Washington, D. C., due to the influenza epidemic and the inadequate housing facilities, the Civil Service Commission is authorized as a war measure to certify to the executive departments and independent establishments in the District of Columbia for probational (or permanent) appointment the names of persons who, by reason of having two or more members of their family in the service, would otherwise be barred from consideration for such appointment.

Camp Bragg, Fayetteville, N. C., at a cost of \$38,700.

Two storage warehouses approximately 70 by 950 feet will be erected on Municipal Pier No. 5 at Baltimore. These warehouses will be of typical standard construction and will be connected by two railroad tracks, connecting with the nearby railroad line on Pratt Street. The estimated cost is \$210,000.

Cafeteria facilities are to be erected at the Bethlehem Loading Co., New Castle, Del., to provide accommodations for 600 men. The estimated cost is \$45,000.

CANAL ZONE AREA RESERVED FOR U. S. NAVAL AIR STATION

EXECUTIVE ORDER.

1. The areas hereinafter described situated within the Canal Zone are hereby set apart and assigned for the uses of a naval air station, and other naval purposes, under the control of the Secretary of the Navy; but the said areas shall be subject to the civil jurisdiction of the Canal Zone authorities in conformity with the Panama Canal act.

2. The said areas are described as follows:

I. That island named Gunrao Island, in its entirety and shown on Hydrographic Office Chart No. 5000, dated December, 1914, lying to the westward of and approximately parallel to the canal prism, and directly to the southward of Gatun Dam, between latitudes approximately 9° 14' 56" north and 9° 15' 46" north, and longitudes approximately 79° 55' 44" west and 79° 56' 04" west, together with the small islets immediately adjacent to the westward.

II. The water area lying between the canal prism and the Island of Gunrao, also the water areas off of the northerly, westerly, and southerly shores of said island, to a distance of 200 yards.

3. The said areas are more particularly described on blue print No. 4301-16, dated the 27th day of September, 1918, issued by the governor of the Panama Canal.

POSSUM RIDES ON AIRPLANE.

Hangs on by Feet and Tail and Wins Commission as Mascot.

The War Department authorizes the following:

Engine trouble forced two Army flyers from the 2d Provisional Wing, Park Pace, Houston, Tex., to stay overnight near Anderson, Tex., recently. They were Lieut. Harry McDonough, pilot, and Fred W. McConky, Jr., observer. McDonough, in a hunt in an adjacent grove that night, caught a live possum. The airman shut the possum in the fuselage of the plane for the rest of the night and the next morning they started for headquarters, 85 miles away. The possum in some manner escaped from his cubby hole after the plane was in the air and rode the rest of the way hanging by his feet and tail to the scarf mount over the rear cockpit. Upon landing, the animal was handed over as a mascot to the men of the 343d Squadron, who christened him "Aero," and to-day he enjoys the distinction of being the first flying possum of the Air Service.

EXECUTIVE ORDER.

Mrs. Anna L. Bennett may be appointed to the position of clerk in the classified service without regard to the civil-service rules.

This order is issued on the recommendation of the Postmaster General, who states that on account of Mrs. Bennett's distinct ability as a clerk, gained as the result of over four years of training in the Post Office Department, and the difficulty that would be experienced in replacing her by the appointment of a new and inexperienced clerk, her appointment would be in the interest of the service.

American Communique

American Official Communique No. 158.

HEADQUARTERS AMERICAN
EXPEDITIONARY FORCES,
November 6—Evening.

The First American Army has
made further important gains on
both sides of the Meuse.

East of the Meuse our troops ad-
vanced to a depth of more than 4
kilometers. Neither the extremely
difficult nature of the terrain nor
the two fresh divisions hurriedly
brought up by the enemy greatly de-
layed our progress. On the Cote St.
Germain, however, the enemy de-
fended his positions with particular
obstinacy, and we were able to se-
cure them only as a result of a bitter
struggle. Near Marvaux Hill 284
and Fontaines fell into our hands.
The battle still continues, with the
enemy making desperate efforts to
maintain a last foothold on the
heights of the Meuse, which he has
held since 1914.

West of the Meuse the enemy again
failed to check our rapid progress.
Along the river bank we took Ville-
montry and Mont De Bruno and
reached the western outskirts of
Mouzon. To the west our line passed
through Autrecourt and Beau Menil
Farm to Conage. We have also
taken Bulson, Haraucourt, and the
important town Raucourt.

Since the beginning of our attack
on November 1, 22 enemy divisions

**METAL COMPANY REORGANIZED
BY WAR TRADE BOARD'S ORDER**

The War Trade Board announces that
the Machinery & Metal Sales Co. and its
subsidiaries have been reorganized as a
result of an investigation made by the
War Trade Board into the methods by
which the company secured licenses for
the export of caustic soda. The investi-
gation disclosed the fact that licenses
were secured from the War Trade Board
by misrepresentations made by George T.
Baird, president of the company.

In the reorganization the president of
the company, George T. Baird, has se-
vered his connection with the company,
and Judson J. Whitehead has been elected
president in his place. Mr. Whitehead
will hereafter assume personal charge of
all dealings with the War Trade Board
in order to insure compliance with their
rules and regulations as well as with all
provisions of law.

By way of making restitution for the
profits improperly made through export
of caustic soda, the company has paid a
substantial sum to the United States
through its attorney at Washington.

The reorganization has been effectuated
by elimination of all persons connected
with the illegal transactions, and it is
expected that through the reorganization
the standing of the company, both with
the Federal authorities and with the
financial community will be essentially
improved.

**Purchasing Agents for
Department of Justice**

For the information of dealers in sup-
plies needed by the Department of Justice
it may be stated that the department ob-
tains the materials required in the man-
ner indicated below:

Supplies for the department in Wash-
ington are purchased by authority of the
Chief Clerk under schedules of the Gen-
eral Supply Committee of the Treasury
Department.

Supplies for the United States judges,
attorneys, marshals, and clerks are pur-
chased under authorization from the de-
partment, a large quantity being sent di-
rect to them from the Division of Sup-
plies in the office of the Chief Clerk.

Supplies for special agents throughout
the country are authorized by the chief of
the Division of Investigation.

The superintendent of prisons, who is
located in the department at Washington,
and the wardens of the United States
penitentiaries at Leavenworth, Kans., At-
lanta, Ga., and McNeil Island, Wash., as
well as the superintendent of the National
Training School for Boys, Washington,
D. C., and the superintendent of the Na-
tional Training School for Girls, Wash-
ington, D. C., are also purchasing agents.

have appeared on our front between
the Meuse and the Argonne.

Our pursuit planes dropped a ton of
explosives on several important road
centers which were being used by
the enemy to make his escape. Seven
enemy airplanes were shot down dur-
ing the day. Two of our machines
are missing.

**CONFER ON PLANS REGARDING
WINTER MAIL TRANSPORTATION**

The superintendents of the 15 divisions
of the Railway Mail Service covering the
entire United States have concluded a
conference at Washington relative to the
transportation of the mails during the
coming winter.

One question requiring immediate at-
tention was that of making arrangements
for the transportation of the immense
volume of Christmas mail for the soldiers
and sailors overseas to New York, where
it passes from control of the Post Office
Department to the Army and Navy au-
thorities. It is estimated that there will
be 200 carloads or 100,000 sacks of this
mail arriving at New York during a 10-
day period beginning about November 10.

Expected to Break All Records.

Arrangements for transporting the
regular domestic Christmas mail and the
mail during the winter have also been
made. It is estimated that the Christmas
mail throughout the United States will
break all records, and that the volume of
all classes of mail handled this winter
will be greater than ever before. In
previous years it has been possible for
the Railway Mail Service to reduce its
force during the summer months, owing
to decreased mail matter, but during the
past summer it has been necessary to
greatly increase the working force over
the entire country, due to the increased
volume of mail matter. The winter
months are always the heaviest, but dur-
ing the past summer the volume of mail
handled was greater than last winter,
not alone in the Eastern States, where
most of the war work is done, but over
the entire country.

Forty Per Cent Increase.

One superintendent of a division in the
Atlantic Coast States reports an increase
of approximately 40 per cent of mail han-
dled this past summer over that of last
summer.

A comparison between the volume of
mail handled at New York in the Pennsylv-
ania Terminal railway post office during
the four weeks in February, May, and
August, 1917, and during a corresponding
period this year shows an increase in the
number of mixed parcel post packages
handled of 100 per cent in February, 274
per cent in May, and 233 per cent in
August.

ARMY NEEDS HARD BREAD.

Calls from Overseas Due to Mobile and
Trench Warfare.

The War Department authorizes the
following:

Under pressure of the mobile and trench
warfare, the overseas calls for hard bread
have been largely increased. The sub-
sistence division of the Quartermaster
Corps has requested all depot quarterm-
asters throughout the country to stimu-
late in their territories the production
of hard bread and the tin containers
used in their packing.

At the present time 220,000 cartons of
hard bread packed in wax paper and
700,000 packed in tins are being pro-
duced daily. It is expected that early in
September the capacity will have reached
300,000 wax paper cartons and 1,000,000
tins of hard bread daily.

GENERAL PERSHING'S GREETING TO THE AMERICAN FARMER

The Department of Agriculture issues the following:

This message of appreciation from Gen. Pershing to American farmers was received by Carl Vrooman, Assistant Secretary of Agriculture, who is now in France with a committee of American agricultural representatives:

AMERICAN EXPEDITIONARY FORCES,
OFFICE OF COMMANDER IN CHIEF,
France, October 16, 1918.

HON. CARL VROOMAN,
Assistant Secretary of Agriculture.

DEAR MR. VROOMAN: Will you please convey to farmers of America our profound appreciation of their patriotic services to the country and to the allied armies in the field. They have furnished their full quota of fighting men; they have bought largely of Liberty bonds, and they have increased their production of food crops both last year and this by over 1,000 million bushels above normal production. Food is of vital military necessity for us and for our allies, and from the day of our entry into the war America's armies of food producers have rendered invaluable service to the allied cause by supporting the soldiers at the front through their devoted and splendidly successful work in the fields and furrows at home.

Very sincerely,

JOHN J. PERSHING.

Bean Packers May Work At Their Normal Capacity

Bean packers throughout the country will be allowed to operate at normal capacity for three months beginning November 1. The Food Administration announces that it is assured of sufficient tin plate to permit the packing of beans in normal quantities.

Cannery will be allowed to use up all odd-sized tins now on hand, but additional purchases of tins smaller than the No. 2 size will not be permitted. The canners will not be allowed to contract for more than a three-months' supply of either cans or beans, nor will shippers be allowed to sell beans to canners without first securing Food Administration permits.

FLYING BOATS' LONG TRIP.

Three Navy Machines Make Journey from Philadelphia to Pensacola.

The Navy Department is informed that three flying boats have successfully completed a flight from Philadelphia to Pensacola, Fla. The trip, which was made without accident, consumed eight days due largely to the fact that several days were lost on account of bad weather. The three planes were built at the aircraft factory at Philadelphia and it was decided to make the flight to Pensacola instead of shipping them. The Navy personnel making the flight included Lieutenant Hutchins (in command) and Lieutenant Slater, Ensigns Connolly, Sturgis, Blunt, and Blanchard, Chief Machinist's Mates Sullivan and West, and Machinist's Mates Kern, Curran, Stafford, and Elmore.

Quarterly Report Shows Decrease in Wool Stocks

Stocks of wool in hands of dealers and manufacturers on September 30, 1918, were about 182,000,000 pounds grease equivalent less than on September 30, 1917. With all figures reduced to a grease equivalent basis, stocks as given by the Bureau of Markets were September 30, 1918, 468,000,000 pounds, compared with 194,000,000 pounds on June 30, 1918, and 650,000,000 pounds on September 30, last year.

Stocks reported by classes in pounds on September 30, 1918, were: Grease, 321,558,794; scoured, 29,162,687; pulled, 19,150,488; tops, 12,635,421; and noils, 16,122,871. The year before stocks were: Grease, 388,594,596; scoured, 64,635,849; pulled, 24,330,015; tops, 23,122,825; and noils, 17,944,426.

Out of 1,118 concerns reports from all but 9 are included in the totals. The detailed quarterly wool stock report will contain an added feature in the form of a comparison of the stocks and number of firms reporting each class and grade of domestic and foreign wool. Copies may be obtained from the Bureau of Markets, United States Department of Agriculture, Washington, D. C.

WATER SUPPLY DEVELOPMENT PLAN AT HAMPTON ROADS, VA.

The War Department authorizes the following statement:

The sum of \$3,600,000 will be spent in the development of the water supply at Hampton Roads, Va. Authorization has been given to the construction division to handle the work.

The main project for the development has been subdivided into four parts, each having a separate appropriation. The principal project is known as the "Portsmouth water development," which contemplates raising the dam at Lake Caloon, additional pumping equipment at Lake Caloon pumping station, installation of additional pipe between Lake Caloon and Lake Kilby pumping station, enlargement of filtration plant at Lake Kilby, additional pumping equipment at Lake Kilby pumping station, additional supply main from Lake Kilby pumping station to Portsmouth pumping station, additional reservoir at Portsmouth pumping station, additional pumping equipment at Portsmouth pumping station, a 24-inch main from Portsmouth pumping station to the vicinity of the navy yard and a 20-inch main across the rivers and Berkley to connect with the Norfolk distribution system. The estimated cost for carrying out this project is \$1,800,000.

Harwood's Mill Development.

Another of the developments is known as the Harwood's mill development at Oriskany, Va., to supply an increased volume of water to the various Government activities in the vicinity of Newport News, Va. This project will cost \$1,100,000.

The water supply for Langley Field and Fort Monroe is to be increased. This is known as the Big Bethel water development and will cost approximately \$600,000.

The fourth project consists of additions to pumping station No. 2 at Newport News, Va. The estimated cost of this work is \$150,000.

Expense is Divided.

The expense on these projects is divided between the War Department and the Navy Department. The Navy will pay the entire cost of the Portsmouth water development. Its share of the Big Bethel project is \$300,000, for the Harwood's mill project its share is \$710,000, and for the additions to the pumping station at Newport News, Va., it will contribute \$30,000.

AWARDS BY WAR LABOR BOARD TOTAL 353 SINCE LAST APRIL

The National War Labor Board authorizes the following:

Since its inception last April the National War Labor Board has made awards and otherwise disposed of 353 industrial disputes between employers and employees in war industries and industries directly essential to war production. On November 1 there were 515 cases awaiting settlement.

In 69 cases members of the board and examiners conducted hearings for the col-

MAXIMUM PRICES FOR FRIGORIFICO HIDES OF NOVEMBER AND DECEMBER TAKE-OFF FIXED BY THE WAR INDUSTRIES BOARD

The War Industries Board authorizes the following:

The price-fixing committee of the War Industries Board has established maximum prices for frigorifico hides of November and December take-off at \$41 for steers and \$44 for cows.

Several other grades of best Argentine, Uruguay, and southern Brazil wet-salt hides have been established at corresponding maximums for November and December shipment.

Other foreign hides and skins, for November and December shipment, remain unchanged as compared with the maximums for August, September, and October shipment, except Argentine and Chilean wet-salt horsehides which have been slightly altered.

Maximum prices on foreign hides and skins shall remain unchanged for November and December shipment (subject to any action which may be taken by the interrelated executive committee), with the exception of the following grades (which list of grades may be amended), on which the maximum prices shall be as follows (the prices on frigorifico steers and cows apply to November and December take-off):

Buenos Aires frigorifico steers, \$61 Argentine gold per 100 kilos f. o. b. ship.

Buenos Aires frigorifico cows, \$44 Argentine gold per 100 kilos f. o. b. ship.

River Plata frigorifico type cows, \$43 Argentine gold f. o. b. ship, 10 per cent shrinkage guarantee.

River Plata frigorifico type kip, \$47 Argentine gold f. o. b. ship, 10 per cent shrinkage guarantee.

River Plata frigorifico type calf, \$38.50 Argentine gold f. o. b. ship, 10 per cent shrinkage guarantee.

Argentine city special matadero steers, 28½ cents c. and f. New York or Boston.

Argentine city special matadero cows, 26½ cents c. and f. New York or Boston.

lection of evidence upon which awards of the board were made. This number includes awards made by the board and its members as arbitrators, and findings made in cases where both parties to the controversy did not submit the issues for arbitration. In cases of the latter class the board made recommendations for settlement.

Fifty cases have been dropped or suspended, mainly for failure of the complainants to prosecute. In 17 cases the board did not take jurisdiction. Thirty-three cases were settled without the intervention of the board, after one of the parties to the dispute had sought action by the War Labor Board. Four cases were withdrawn, and 177 were referred for settlement to other departments of the Government, under rules of the board. In all 673 cases were filed with the board between April and November 1,

Buenos Aires and Montevideo frigorifico kip, 15/25 pounds, \$49.

Buenos Aires and Montevideo frigorifico kip, not over 32 pounds average, \$47.

13. The appointment of Capt. Fred W. Lemox, Sanitary Corps, to the grade of major in the Sanitary Corps, United States Army, during the existing emergency, with rank from October 26, 1918, is announced.

EXTENSION OF FOOD LICENSE SYSTEM

(Continued from page 1.)

specified in the announcement of importation, manufacture, storage, mining, or distribution of any necessities as set forth in such announcement, unless he shall secure and hold a license issued pursuant to this section. The President is authorized to issue such licenses and to prescribe regulations for the issuance of licenses and requirements for systems of accounts and auditing of accounts to be kept by licensees, submission of reports by them, with or without oath or affirmation, and the entry and inspection by the President's duly authorized agents of the places of business of licensees."

And whereas it is essential in order to carry into effect the provisions of the said act that the powers conferred upon the President by said act be at this time exercised to the extent hereinafter set forth.

Now, therefore, I, Woodrow Wilson, President of the United States of America, by virtue of the powers conferred upon me by said act of Congress, hereby find and determine and by this proclamation do announce that it is essential in order to carry into effect the purposes of said act to license the manufacture, storage, and distribution of certain necessities to the extent hereinafter specified:

All persons, firms, corporations, and associations not already so licensed engaged in the business of milling corn, oats, barley, or rice.

All persons, firms, corporations, and associations not already so licensed engaged in the business of importing, manufacturing, or distributing casings made from the intestines of animals for sausage and other food commodities.

All persons, firms, corporations, and associations not already so licensed engaged in the business of manufacturing near beers or other similar cereal beverages.

All persons, firms, corporations, and associations engaged in the business of importing, manufacturing, or distributing oat flour, raw corn flakes, buckwheat, or buckwheat products.

All persons, firms, corporations, and associations, not already so licensed, engaged in the business of operating warehouses or other places in which any food or feed commodities are stored for hire;

All persons, firms, corporations, and associations, not already so licensed, engaged in the business of importing, manufacturing or distributing: Chinese vegetable tallow, coconut stearine, coconut olein, cod oil, cod liver oil, cohune oil, fish and marine animal oils, lard oil, lard stearine, linseed oil, mustard seed oil, mutton tallow, neat's-foot oil, neutral lard, oleo stearine, oleo stock, olive oil, rape-seed oil, sesame oil, shea nut oil, sunflower seed oil, tallow, and all other animal or vegetable fats and oils, including hydrogenated fats or oils, which are in whole or part edible, or which may be made edible; except those specifically exempted by said act of Congress, are hereby required to secure, on or before November 15, 1918, a license, which license will be issued under such rules and regulations governing the conduct of the business as may be prescribed.

All persons hereby made subject to license must apply, specifying the kind of license desired, to the United States Food

Administration, License Division, Washington, D. C., on forms prepared by it for that purpose, which may be secured on request.

Any person, firm, corporation, or association other than those hereinbefore excepted, who shall engage in or carry on any business hereinbefore specified after November 15, 1918, without first securing such license, will be liable to the penalty prescribed by said act of Congress.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia, this 2d day of November, in the year of our Lord one thousand nine hundred and eighteen, and of the Independence of the United States of America, the one hundred and forty-third.

(Seal.) WOODROW WILSON,

By the President.
ROBERT LANSING, Secretary of State.

Food Administration Statement.

Through the above proclamation the licensing machinery of the United States Food Administration has been extended to cover the manufacture, storage, and distribution of various foods which heretofore have not, in part or in whole, been in the licensed class.

All concerns engaged in the business of operating warehouses or other places in which any food or feed commodities are stored for hire will now be placed under license. Up to this time only cold-storage concerns have come under the licensing scope of the food-control act through a previous presidential proclamation. In this connection the Food Administration and the War Industries Board made this statement:

Joint Statement Issued.

"Conferences have been held with the trade engaged in this business, and steps have been taken toward the determination of fair storage rates. Storage enters materially into the cost which the public ultimately pays for the commodities, and this action is taken to check the excessive rates which have been charged by some individuals through the shortage of storage space. As one step in the institution of this control the President has just issued a proclamation (November 2) under the food-control act requiring all persons engaged in the storing of food and feed commodities for hire to take out a license by November 15."

Control Over Edible Oils.

Another provision of the proclamation is designed to give more control over the glycerin extraction of animal and vegetable fats and oils. For this purpose all concerns engaged in the business of importing, manufacturing, or distributing the following, if not already so licensed, are required to secure a license on or before November 15: Chinese vegetable tallow, coconut stearine, coconut olein, cod oil, cod-liver oil, Cohune oil, fish and marine animal oils, lard oil, lard stearine, linseed oil, mustard-seed oil, mutton tallow, neat's-foot oil, neutral lard, oleo stearine, oleo stock, olive oil, rape-seed oil, sesame oil, Shen nut oil, sunflower-seed oil, tallow, and all other animal or vegetable fats and oils, including hydro-

U. S. MAILS LOST ON VESSELS
EN ROUTE FOR SOUTH AFRICA

OFFICE OF SECOND ASSISTANT
POSTMASTER GENERAL.

Washington, November 2, 1918.

In addition to the notice of June 3, announcing the loss of mails from the United States to Egypt on the S. S. *Caledonian*, which left Marseille the latter part of June, 1917, further information has been received which indicates that the mail of May 26, 1917, for Mombasa, British East Africa, was also lost. It is estimated that the mail for Mombasa contained 1,300 ordinary letters, being the accumulation of mail at New York from May 19, 1917, to May 26, 1917.

The steamship from England for South Africa, reported as lost, conveyed mails for Mozambique (Lourenco Marquez) and South Africa which reached New York from August 3, 1918, to August 27, 1918, the mails being made up of articles as follows:

Mozambique—600 ordinary letters, 7 registered articles, 4 sacks prints.

South Africa—16,000 ordinary letters, 201 registered articles, 77 sacks prints.

In connection with inquiries for missing mail, postmasters will consult this notice for the purpose of determining whether the mail inquired for was on either of the vessels referred to in the foregoing.

OTTO PRÄGER,

Second Assistant Postmaster Gen.

EXPORT LICENSE CANCELED.

A Canadian customs memorandum says:

Notice has been given that the authority formerly given to Canadian collectors to license exports of mica and fish oils is canceled, and it will therefore be necessary to submit all applications to the War Trade Board, Ottawa. It has also been decided that export licenses shall be required for shipments of stearin and tallow to the United States as well as to all other countries.

generated fats or oils, which are in whole or part edible, or which may be edible.

Under the proclamation all millers of corn, oats, barley, or rice will now be licensed. Up to the present time these classes of millers whose plants have a daily capacity of less than 75 barrels per day in the manufacture of food for human consumption have been exempted from license. All millers of feedstuffs have, however, been licensed.

Importers, manufacturers, or distributors of sausage casings, if not already so, are placed under license. These sausage casings are imported from China principally, and the action was taken for the purpose of stabilizing the market for this material used in the production of an important food.

Others Under License.

Those engaged in importing, manufacturing, or distributing oat flour, raw corn flakes, buckwheat, or buckwheat products, are also placed under license through the presidential proclamation. Buckwheat and buckwheat products concerns handling these commodities for food purposes have not been under license heretofore, while those handling oatmeal and rolled oats have been.

REASONS WHY EVERY RETAIL MERCHANT SHOULD KEEP CAREFUL BOOK ACCOUNTS

Commissioner of Internal Revenue in General Letter Tells How All May Help Government and Themselves in Meeting War Tax Problems.

The Bureau of Internal Revenue has issued the following general letter addressed to retail merchants embodying some reasons why every retail merchant should keep book accounts:

BUREAU OF INTERNAL REVENUE.
Washington, D. C., Sept. 14, 1918.

To retail merchants:

The revenue act now pending in Congress is expected to produce \$3,000,000,000. This means a tax on the average of more than \$76 for every man, woman, and child in America. The average per family is nearly \$250.

In many businesses taxes will be one of the largest items of expense. It is of the utmost importance, therefore, that every concern in business, large or small, whether corporation, partnership, or individual, shall maintain an exact record of its receipts and expenses—in other words, keep accurate accounts. Taxes should be considered as an expense of the year for which they are assessed rather than for the year in which they are actually paid and the necessary reserves should be provided for at once.

Close Check to be Kept.

Because of the large amounts to be collected the Bureau of Internal Revenue will be compelled to check the income-tax returns filed by taxpayers more closely than heretofore. The retail merchant who is able to place before the internal-revenue inspector book records showing exactly how he arrived at his statement of net income will greatly facilitate the Government's task of collecting the war revenues and save himself annoyance and expense.

No special system of accounts is prescribed by the Internal Revenue Bureau, but the books should show in detail inventories, purchases, sales, capital investments, depreciation, and similar items required in making up the income-tax return. Every merchant should study the income-tax law and regulations and see to it that his accounts are kept in a manner that will enable him to determine his net income for taxation purposes.

Keeping Systematic Accounts.

Aside from the necessity of keeping systematic accounts in order to comply with the Government's requirements, every progressive merchant should adopt an approved accounting system for the good of his own business. In no other way can he further his financial interests more effectively. It has been proven time and time again that accurate accounts are absolutely essential to success in business. The merchant who has a good accounting system is able to eliminate waste and unnecessary expense and can so control his

purchases and his credits as to greatly lessen the chance of failure. The inventory, which can not be taken without some form of accounts, is the compass of a business. Without it the direction in which the business is heading either for success or failure can not be determined.

In the complexities of modern business costs must be calculated with certainty in order to determine what the selling price of an article should be in order to yield a reasonable profit. This is impossible without books of account.

The profits of a business or the losses of a business can not be determined without book record; and now that the Nation requires every citizen to contribute to the war budget within his means and income, the returns required by the Government under the revenue laws can not be made with any degree of accuracy without books of account and annual inventories.

The Bad-Debt Loss.

The bad-debt loss of the Nation, which runs into large figures annually, is due in large measure to inexperience and inability. If merchants would keep even the simplest books of account the bad-debt wastage would be reduced materially, for inability and inexperience are usually marked by the absence of an accounting system.

Owing to the withdrawal of man power from industry it is essential that every business man be more frugal and exact himself more effectively to conduct his business efficiently. Extra effort put forth in carrying on the business so as to increase volume at less expense will decrease the chance of failure, increase the earnings of the merchant as a reward for his effort, and enable him to share more liberally in the governmental financial program made necessary for the successful prosecution of the war.

The man who knows the exact condition of his business from day to day has an immeasurable advantage over the individual who has no records upon which to base his operations. It is the duty of every citizen, especially in these war times, to keep in such close touch with his business through record keeping and otherwise as to maintain the greatest efficiency and render to his Government every cent due in taxes.

DANIEL C. ROYCE,
Commissioner of Internal Revenue.

DEATHS REPORTED IN NAVY.

Lieutenant Dies of Influenza; Shipfitter Succumbs to Wounds.

The Navy Department reports the following deaths:

Lieut. (Junior Grade) Joseph C. Morris Small, United States Navy, died November 2 of influenza. Wife, Mrs. Margaret Rettew Small, 609 South Forty-eighth Street, Philadelphia, Pa.

Arthur Paul Sharpe, shipfitter (first class), United States Naval Reserve Force, died October 29 of shell wounds while on duty abroad. Mother, Mrs. Anna J. Sharpe, 2503 South Forty-first Street, Omaha, Neb.

PURCHASE OF ARMY SUPPLIES FROM WORKSHOPS OF THE BLIND

The War Department authorizes the following:

Brig. Gen. R. E. Wood, Acting Quartermaster General and director of purchase and storage, has issued the following notice with reference to purchasing from institutions for the blind:

"The workshops of the blind under the supervision of Federal or State commissions at present produce many articles suitable for Army supplies. Nearly all such workshops produce brooms, mops, brushes, baskets, and wicker ware, and the list is being extended.

Instructions to Supply Officers.

"Zone supply officers are instructed to communicate with the department of public welfare of the various States in their respective zones and ascertain what articles are being made by the blind that are suitable for Army use, and they are further directed to cooperate with institutions for the blind by furnishing them samples and advice, so that their products may be extended and may conform with Army specifications.

"The director of purchase is instructed to purchase from such workshops as come under the direct supervision of Federal or State commissions for the blind such articles as are needed and suitable for Army purposes. Such purchases may be made upon payment of the prevailing market price, which may be determined by negotiation, dispensing with formal bids."

Purchases Already Made.

As a result of this notice considerable purchases have already been made from institutions for the blind, and it is expected that this will stimulate production at these institutions and cause the employment of many thousands of workmen who have become incapacitated through loss of sight.

MONEY ORDER STATIONS OPENED AT CAMPS OF PORTO RICANS

The War Department authorizes the following:

Arrangements have just been completed by officers of the construction division of the Army with P. R. Office authorities for the establishment of money-order stations at the following camps, where 12,943 Porto Ricans have been imported to help solve the labor shortage:

North Camp Jackson, S. C.; Camp Jackson, S. C.; Camp Gregg, Paganovina, N. C.; picnic acid plant, Little Rock, Ark.; picnic acid plant at Brunswick, Ga.

The stations are to be established for the purpose of facilitating the sending of allotments by the Porto Ricans to their families at home. Because of the low rates of pay in Porto Rico the allotments now being sent by the Porto Ricans to their families are fully as much as the Porto Ricans earned while at work at home.

It is expected that 50,000 Porto Ricans will be imported in the next three months to this country by the construction division to expedite big construction projects now underway in this country for the Army.

Keep Bulletin Posted In All U. S. Post Offices

Reports having been made that at some post offices THE OFFICIAL U. S. BULLETIN is not being posted regularly for public reading in accordance with Postmaster General Burleson's orders, postmasters are again reminded of this important duty. It should be remembered that THE BULLETIN is the only publication available to all sections of the country that prints daily the complete and correct casualty lists from our armies overseas exactly as they are issued by the War Department. Many newspapers print only the lists having local interest in their own territory. THE BULLETIN prints every name and address, thus making it a certain means of informing friends and relatives, wherever they may be, of the fate of a soldier or sailor, no matter where his home town or city.

Postmasters are urged, aside from their duty as officials, to make it their patriotic and personal duty to see that the public has the fullest benefit of this privilege.

The Postmaster General's order follows:

All postmasters are directed to post THE OFFICIAL U. S. BULLETIN daily in a conspicuous place in the lobby or other portion of their respective post-office buildings where the public can read it; and, without expense to the Government, each and every postmaster is earnestly urged to see that this BULLETIN is made available to as many people as possible in the manner suggested.

A. S. BURLESON,
Postmaster General.

Important Notice to U. S. Purchasing Agents

Purchasing agents for the various Government departments and the special United States war administrations are earnestly reminded to send to the Official U. S. Bulletin at the earliest possible moment all copy for bids to be advertised and purchase awards, in order that these may be promptly and correctly printed in the Bulletin in accordance with the orders of the Secretary of War and other heads of departments.

The task of preparing this copy for publication, with a view to absolute correctness and continuity, is a considerable one, but, with the cooperation of the purchasing agencies, should result in a great help, not only to the departments themselves, but to bidders throughout the country, all of whom, through the medium of the Official Bulletin, are desirous of keeping informed of the Government's needs.
